- **Ebola local response**

Director Monopoli reported that the LHD/DOH role has become clearer over time. CRAHD is responsible for carrying out the monitoring of individuals identified as at risk for the disease. In addition, we would either assist or take the lead in contact investigation and contact tracing with the CT DPH. Director Monopoli has participated in DPH conference calls on a weekly basis.

- **Fees and non-profit organizations**

As continued from our last meeting, Director Monopoli drafted a policy regarding waiving of fees for non-profit organizations. In effect, non-profits would have to demonstrate that in fact they are recognized as a non-profit organization in order for CRAHD to waive a fee. After some discussion, the board voted to adopt the policy pending signature by Chairman Smith. Also, the board wanted re-inspection, late fees, etc., if applicable, to be paid, and not waived.

Fritz moved, **Dunne 2nd**, motion to approve the draft non-profit policy.

- **New State Tattoo Regulations**

Director Monopoli said he is in the process of gathering other tattoo regulations in various health departments and districts to develop one for CRAHD. The state recently passed requirements for the tattoo artist, but standards need to be stated locally regarding the operation and facility. Monopoli will continue to work on the proposed regulations.

- **Tobacco Free Toolkit for local parks.**

Monopoli re-aquainted the board with the toolkit which gives local authorities guidance on creating tobacco free public places within their respective communities. The authority could adopt policies or ordinances. After some discussion the board decided that it would be best to offer this to local authorities as a tool if they so choose to create tobacco free policies or ordinances.

Fritz moved, **Dunne 2nd**, motion to present the local park and rec departments as well as the local administrations with the tool.

- **2nd Amendment: OSWPCA PH services agreement**

Director Monopoli reported that the wording for the 2nd amendment to the PH services agreement to include “enforcement support services” has been agreed upon and was signed by WPCA Chair Elsa Payne. The WPCA has requested signature by Chairman Smith. Monopoli explained that the supporting documents to this amendment, specifically the joint defense agreement and the engagement letter for joint representation between CRAHD and the town of Old Saybrook has not been modified to reflect attorney representation to CRAHD for enforcement support services. Monopoli recommended to the board that the amendment not be signed until the other two documents are modified or replaced to reflect such.

After considerable discussion, the board requested that Director Monopoli notify the WPCA that no signature on the amendment would be forthcoming until the other two documents are modified to our satisfaction.

Dunne moved, **Fritz** 2nd, motion to hold off on Chairman Smith signing the proposed 2nd amendment to the PH services agreement.

The revision also requires the employee to take the district insurance if he/she does not present proof of insurance elsewhere.

Chairman Smith explained that the latter two items that were proposed are reflective of what is required in the Deep River plan. Some discussion took place.
